File shows John Daly Born at Sea, Here I want to add, John Daly had 3 children Teresa, Mary, Frank. It appears Mary passed away in 1867 ??

At this point I must explain this research.

After years of work I have come to the conclusion that John Daly & Mary Sheridan had many more children than I have proof of . This large research for the unknown is this file. I feel that I have enough on Dennis, Cornelius, Honor. The next list & item copies are a few of the names in this research. .

Here I have found Anne, Micheal Daly.

24 Anne Daly - d/s of John Daly

19 Bap. Michael Daly. Par. John & Mary
the Pat. Daly & Jane. Shtton

These names should be added to the list, Martin , Mary ,

Anthony , John , Pat,. . These names come up all the time. I hope this research will help someone to find their family or some of mine.

The research in Columbus Ohio has been very fruitful in locating all the many members of my descendants, all of which lived in Columbus Ohio between 1852-1904 . As you read these files please note so many different families lived close to each other. Also they are in the same business. .i have spent hundreds of hours looking at these records, I hope you find yours.

The first tavern, however,

was kept on the lot where the " Johnston Building " now stands. It was commenced about the spring of 1813, by Volney Payne, in a two story brick house erected by John Collett, for that purpose ; and the house was kept successively by Mr. Payne, Collett, John McElvain, and Collett again, until about the year 1818, when he sold out to Robert Russell, and Mr. Russell kept it a number of years, then James Robinson, and then Mr. Russell again, until about the year 1844, when the tavern was discontinued. Soon after the tavern was opened at Collett's house,

Daniel Kooser opened a tavern on Front street, south of State, and a Mr. McCollum opened another on Front north of Broad street, where the * Erin go Bragh House " is now kept. In the meantime, various other establishments, known as houses of entertainment, had sprung up, which were, in reality, little else than drinking shops, such as in after years were denominated groceries. At the north-east corner of High and Rich streets was an establishment of the latter kind, kept by

William Day, about the years 1815 and '16, that was famous for company drinking and quarreling; so much so that it obtained the appellation of " The War Office;" and from thence the cases of combat were general carried to 'Squire Shields, to be " disposed of according

to law." The 'Squire was rather an eccentric old genius, from the Emerald Isle, and disposed of business in short order. He was a preacher : first of the Methodist, then of the New Light Order, and could preach a good sermon on as short notice as any other man ; he could lay as many brick in a day as a common bricklayer would in two ; and in surveying and platting of lands, and also in his official business as a Justice of the Peace, he was equally expeditious ; but in all things, rough and careless, apparently disdaining precision.
